DUETT MAKES WISHES
COME TRUE.*

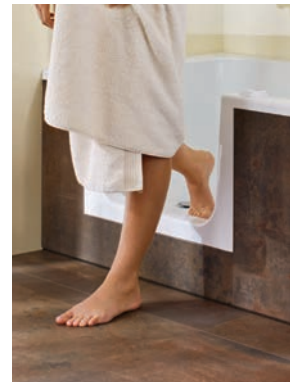

***STEP INTO A NEW
BATHROOM EXPERIENCE.***

The two worlds of the Duett. A long bath, an enjoyable shower: both of these are relaxing in their own way. How great that now, even in a small room, you no longer have to decide which to install. You see the

Duett is a fully-fledged shower and bathtub all-in-one. By way of the integrated glass door you can enter the shower and bathtub easily and very nearly at floor level.

DUETT *FOR SINGLES*

Step into your shower bathtub easily and near floor level.

LIVE AS YOU WANT TO.

To be able to do whatever you want. Life as a single has its advantages. With Duett it has one more. Thanks to the clever compact solution even a small bathroom becomes a perfect oasis for well-being that combines a shower and a bathtub. Then you do not have to compromise: You decide each time which one you feel like.

"I DON'T WANT TO DO WITHOUT EITHER. I WANT TO ENJOY A SHOWER AND A BATH."

DUETT FOR FAMILIES

ONLY THE BEST FOR EVERYONE.

In a family it is not always easy to meet everyone's needs as they are often quite different. When designing a bathroom the main question is: A shower or a bathtub? With Duett you finally have the space for everyone's wishes. All the family can enjoy a shower or a bath whenever they feel like it. The sophisticated details open up even more possibilities. The shower door for instance which opens inwards to save space or an optional glass wing that provides additional protection against water splashes.

"WE WOULD LIKE THE WHOLE FAMILY TO FEEL GOOD IN THE BATHROOM."

The Duett glass door is not only attractive to look at. Due to the fact that it opens inwards the space in your bathroom is used more effectively.

DUETT

FOR MORE COMFORT

A JOY - WITH SAFETY.

The bathroom that has tomorrow in mind: Duett can, depending on the construction situation in each case, be partially sunk into the floor which results in the access height being only 5.5 cm. With this unique solution you get more comfort, more safety and design. It is hard to think of anything better.

"I WANT SAFETY AND COMFORT WITHOUT HAVING TO DISPENSE WITH DESIGN."

Especially practical: The vertical handle can be conveniently operated when standing.

DUETT

FOR COMPACT BATHROOMS

BIG IN A SMALL SPACE.

Do you not have a large bathroom? You do not need to have one. Whoever wants to enjoy a shower bathtub with easy access only requires a big idea: The smallest Duett with a length of 160 cm is a compact space saver that makes great comfort available in a small space.

With dimensions of only 160 cm x 75 cm even the smallest Duett provides extensive enjoyment when bathing or showering.

"I WOULD LIKE TO MAKE OPTIMUM USE OF MY SMALL BATHROOM."

AFTER

DUETT

*IN A SHORT
TIME PERIOD
TO DOUBLE
COMFORT.*

BEFORE

LITTLE EFFORT, BIG EFFECT.

The new shower and bath pleasure is available without having to completely renovate the bathroom! The old bathtub is simply replaced by the new shower bathtub with its convenient access.

Clean, uncomplicated partial renovation - the effect is enormous. On exactly the same surface area as before you can experience a completely new bathroom feeling!

DUETT

*BATHTUB WITH
INTEGRATED DOOR.*

FREE ENTRY.

For all who prefer bathing there is now the TWINLINE bathtub with an integrated door. The glass door opens inwards to save space. For convenient bathtub enjoyment with free, almost flush-to-floor access.

DUETT

EVERYTHING YOU NEED.

PRACTICAL SPLASH PROTECTION

Treat yourself to a wonderful long shower – the optional glass wing provides additional splash protection. It can be folded in or out as required and can also be retro-fitted.

HIGH-GRADE SIDE WALL OF GLASS

If Duett is to be mounted on a straight wall a side wall of glass is a good option. This then becomes a transparent room divider which makes even a small, narrow bathroom look more light and modern.

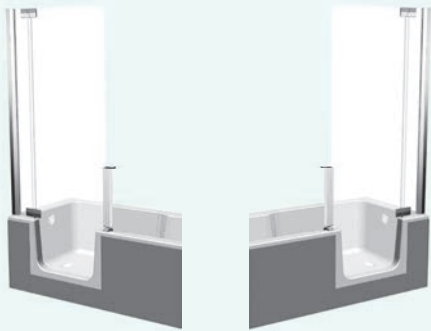

TUB CORNER SEAT

The tub corner seat allows for even more comfortable showering. Although the seat is located in the corner of the tub to save space, it provides generous, comfortable seating. Fastening to the side of the tub gives it secure, stable purchase. For cleaning purposes or when it is not in use it can simply be removed. The seat is made of easy-to-clean, anti-slip plastic and can be simply and quickly cleaned. The tub corner seat can also be retro-fitted onto existing tubs.
